CAMPOS BASIN OPERATIONAL REPORT – ALBACORA FIELD UPDATE

Data Context: Q2 2026 Operational Window

Operator Data Source: Transfer of Rights Data (Dados Cessão Onerosa)

RESERVES ANALYSIS AND METRICS:

1. Reserves Volumes: The verified Proved Reserves (1P) volume for the Albacora field is explicitly locked at 450 MMboe.
2. % Reserves Variations: The annual reconciliation audit indicates a dynamic positive adjustment resulting in +4.2% variations in overall asset book values.
3. Pricing & Evaluation Boundaries: Financial formulas for feasibility calculations are definitively anchored to a base price of USD 75.50/bbl for export grades and a domestic sales gas allocation baseline.
